

Community Solar for Houses of Worship

Community Solar represents one of the best ways for you and your worshippers to maximize their energy choice and save money!

Members save up to 10% on their electric bills, and for every new member, the Church receives \$50!

ReWire Energy offers Community Solar Programs for Churches and their Members with National Grid as Their Utility.

Here are the Details:

What is it?

Large Solar Array built at remote location

How does it work?

Produces electricity for the grid available to be sold

Who is it for?

Churches, Synagogues, Mosques and their worshippers

Why does it matter?

Lower cost, clean, renewable energy is an easy choice when it comes to protecting the planet
